## CONSENT FORM

I the undersigned want to register for the program and realize that alpine skiing is an action sport carrying significant risk or personal injury. I know there are natural and man-made obstacles or hazards, including lift towers and snowmaking equipment (such as guns, hydrants, and hoses), surface and environmental conditions, and risks which in combination with my actions can

cause me severe or possible fatal injury. I agree that I, as a participant must take an active role in understanding and accepting these risks, conditions and hazard. I further agree to hold blameless Blue Mountain Ski Area, its employees, sponsors, volunteer workers and assignees should any of the above occur.
